```
select rock (r), paper(p), scissors(s)r
r vs r
DRAW!
>>>
```

This is the rock paper scissors game in which the user is asked to input r for rock, p for paper and s for scissors. Once the user inputs any one of these 3 characters, the computer will take in the input and also select one of the 3 characters. Once this is done, the program will out a message showing who won.
